

## Cluster 7

Cluster 7 is a low voltage chandelier of 7 LED pendants that geometrically form an elegant grouping of any coaxial pendant that Stone Lighting offers. Dimmable with ELV dimmer.

Cluster 7 canopy comes in three power supply options:

**X1** is for 10w halogen lamps and includes an electronic transformer that recesses in a typical J-Box.

**X2** is for 20w halogen lamps and includes a remote 150w electronic transformer.

**L2** is for LED lamps and includes a no load LED driver that recesses in a typical J-box.

### STEPS

- Choose your Cluster 7 Canopy.
- Choose ANY low voltage coaxial pendant, we recommend round glass.
